Playground Project - update

- The PC lease the land from Hyde Martlett and we are waiting for their legal department to amend the lease to include a new strip of land outside the playground.
- Once the lease has been amended funding can be sourced.
- CDC Planning Department have confirmed that PC's benefit from permitted development rights and as the aerial runway is 3.9m tall (under 4.0m), the land containing the aerial runway will be included in the Parish Council lease, planning permission will not be required.
- Aim to get the project completed ASAP
